Certificate of Biostatistics

Dear Editor,

I am writing to confirm that two of the included authors, Shahin Hajibandeh and Shahab Hajibandeh, are experienced meta-analysts with more than 120 published meta-analyses in several Journals. The aforementioned authors are Cochrane reviewers as well. The authors have independently conducted the statistical analysis consistent with Cochrane recommendations. Considering the design of the study, the statistical analyses have been conducted appropriately.

Yours sincerely

Shahin Hajibandeh
