## Presentation and outcome of histoplasmosis in pediatric ...

<https://pubmed.ncbi.nlm.nih.gov/20645322>

Background: Antitumor necrosis factor alpha (aTNF) therapies are commonly used in the treatment of pediatric **inflammatory bowel disease (IBD)**. However, inhibition of the TNF-alpha pathway predisposes to serious infections, including **histoplasmosis**, which is the most common invasive fungal infection in individuals on aTNF therapy and carries a high mortality rate when associated with delayed ...

## Vertical Transmission of Histoplasmosis Associated With ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6280983>

Our **case** is the first **report** of umbilical cord blood-confirmed vertically transmitted *H capsulatum* from a mother who developed disseminated **histoplasmosis** during the third trimester of pregnancy while receiving anti-TNF therapy for **IBD**. This **case** highlights the need for close monitoring of infants with prenatal exposure to anti-TNF agents, and ...

## [Primary Histoplasma capsulatum Enterocolitis Mimicking ...](#)

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5080458>

**Upper and lower gastrointestinal endoscopies** were suspicious for inflammatory bowel disease (IBD); however, biopsies were consistent with histoplasmosis, specifically in the duodenum. 1. Introduction. Histoplasma capsulatum is a dimorphic fungus that infects by inhalation of spores and can disseminate to the gastrointestinal system.
