Dear Editor,

I hope this email finds you well. I am writing to provide an update regarding the manuscript with the identification number 92318, which was submitted to the World Journal of Gastroenterology. Regarding the change of manuscript author, we will explain the following three things.

(1) The reasons for the order of the authors of "Dong Wenmin" and "Sun Peiqi" are as follows, because Dong Wenmin did it, I did not see the order of your company's submission system in time at that time, and considering the convenience of submission, I and Dong Wenmin were written in the first position of the system, but in the process of uploading the document, "Sun Peiqi" has always been the first author. I'm deeply sorry.

(2) Due to Ming Lu and Hui Lin's personal reasons, including resignation and other reasons, first voluntarily give up the original author order, please understand. Below are the signatures of both authors. Furthermore, Cheng Hu, am no longer affiliated with the institution where this research was conducted. Therefore, his name has been removed from the list of authors.

(3) In the revised version of the manuscript, we have made significant modifications based on the valuable feedback from the reviewers. Notably, Dr. Lili Guo has made substantial contributions to the revision process. As a result, we have decided to include her as a co-corresponding author, with the consent of all the other authors.

(4) For the above reasons, all of the above statements are true, and all authors sign below:

孙沛琪 董敏 袁富 曹勤 陈妍 郭莉莉
Pei-Qi Sun Wen-Min Dong Yi-Fu Yuan Qin Cao Xiao-Yan Chen Li-Li Guo

袁飞 陆明 林辉 胡斌

We appreciate your attention to this matter and kindly request your guidance on the necessary steps to update the authorship details in the revised manuscript. Please let us know if any additional information or documentation is required.

Thank you for your continued support, and we look forward to your response.

Best regards,

Wenmin Dong
