SPECIFIC COMMENTS TO AUTHORS

This manuscript presents the recent advances in the treatment of the recurrent hepatocellular carcinoma. The authors should indicate in their manuscript that this paper is a narrative review. They must be polish their manuscript for some errors in the English language. Also, the use of the abbreviated words should be consistent. They should define the abbreviations at the first use and the use only abbreviated words for the rest pf the paper. And, besides presenting data from different studies and case reports, the authors must discuss for each treatment the advantages and disadvantages and the possible indications. The figure must include in the legend some explanations and the definition of the abbreviated words. The authors cited a long list of references, almost 150 titles, 81 of them more recent than 5 years.
