

December 10, 2019

To whom it may concern,

I am a native English speaker (Canada) and provided proofreading services for Manuscript entitled "Gastrointestinal cancer stem cells as targets for innovative immunotherapy", by Mihaela Chivu-Economescu and colleagues, which is under consideration for publication in your journal.

Sincerely yours,

Anna Maria Kaufmann

A handwritten signature in black ink, appearing to read 'Anna Maria Kaufmann', with a long, sweeping flourish extending to the right.
