

## Certificate of Biostatistics

9 March 2025

To whom it may concern,

Title of Study: **Underwater versus Conventional Endoscopic Mucosal Resection for Nonpedunculated Colorectal Neoplasms: A Randomized Controlled Trial**

Authors: **Le Dinh Quang, Le Quang Nhan, Quach Trong Duc**

This letter is to confirm that I have reviewed the statistical methods of this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the study.

Please contact me if you have any queries.

Sincerely,

A rectangular area of the document has been completely redacted with a light gray color, obscuring a signature.

Nguyen Lam Vuong, M.D., Ph.D.
