TO THE EDITOR

In the article[1], the sentence "In China, PCa has surpassed bladder and kidney cancers in terms of incidence and mortality, and is currently the most common tumor in adult urology[4]" incorrectly cites Reference 4 as "Reference 4: Marsh HP, Bowler IC, Watson CJ. Successful treatment of Rhodococcus equi pulmonary infection in a renal transplant recipient. *Ann R Coll Surg Engl* 2000; 82: 107-108." The correct Reference 4 should be: "Reference 4: Liu J, Dong L, Zhu Y, Dong B, Sha J, Zhu HH, Pan J, Xue W. Prostate cancer treatment - China's perspective. *Cancer Lett* 2022; 550: 215927 [PMID: 36162714 DOI: 10.1016/j.canlet.2022.215927]". Please note that these corrections do not impact our results.
