

Supplementary Table 1 Bile acid distributions in serum samples of Bangladeshi infants and American cohorts

		Bangladeshi		American	
Primary		216,540	546,834	1,097	624
Unconjugated	Bile				
Acids					
Primary	Conjugated	1,537	2,270	74	121
Bile	Acids				
Primary	Sulfated Bile	23,185	22,600	0	0
Acids					
Secondary		4,413	9,276	0	0
Unconjugated	Bile				
Acids					
Secondary		93	148	57	34
Conjugated	Bile				
Acids					
Secondary	Sulfated	774	1,472	0	0
Bile	Acids				
Secondary	Bile Acid	23,998	30,034	20	4
Metabolites					
Muricholates		14,033	17,748	695	477
Total Bile	Acids	11,956	22,801	2,570	1,520
C4		28	18	0	0

The table presents bile acid distributions in serum samples of the Bangladeshi infants and the American cohorts. Distribution is given as mean and standard deviation, all units in nmol/L.
