JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

In this manuscript, Authors reviewed the indication and different prophylaxis to prevent HBV recurrence in patients who infected Hepatitis B preoperative or received grafts from anti-HBc positive donors. Authors also discussed the withdrawal of HBIG following combination therapy with HBIG and NAs which now considered as a promising approaches. We believe that this manuscript attitudes positively impact on overall outcomes in HBV infected LT patients. The manuscript is well written and can be published as revised.
