

Supplementary Table 1 Changes to the Study Protocol

Version	Date	Domain	Change	Rationale
1.2	05.10.2022`	Treatment regimen	Esomeprazole-amoxicillin dual regimen was abandoned	Esomeprazole could not be obtained in Fujian hospital for medical policy adjustment reasons.
1.2	06.10.2022`	Treatment protocol	Delete the drug sensitive test and study of changes in bacterial flora before and after eradication	It was difficult for all centers to take the drug sensitive test and bacterial flora test
