Andrzej S Tarnawski, MD, PhD, Professor

World Journal of Gastroenterology

April 8, 2020

grant application form or certificate of funding agency
BPG/WJG Manuscript Number BPG 54575

Dear Professor Gosh,

Dear Professor Tarnawski,

We would like to take the opportunity to address the editor's and/or the reviewers' comments of our Manuscript No. 54575 entitled "Golimumab in real-world practice in patients with ulcerative colitis: 12-month results"

There is no grant application certificate available as the non-interventional study "GO CUTE" was funded by MSD Sharp & Dohme GmbH (MSD), Haar, Germany. Funding included payment for data management, statistical analysis and report writing and was delegated to the Clinical Research Organization MedPharmTec GmbH, Munich, Germany. Further, medical writing assistance, provided by Alcedis GmbH, Giessen, Germany was also funded by MSD. Participating investigators received adequate remuneration for data collection and documentation effort based on GOÄ (regulation of charges for physicians).

Kind regards,
MSD SHARP & DOHME GMBH
Medical Affairs

Susanne Hohenberger
Medical Advisor Immunology

Dr. Helena Löffler
Director Medical Affairs Immunology
