COMMENTS TO AUTHORS

Dear Editor, Authors Thank you for sending the manuscript entitled "Safety of anti-TNF therapy during pregnancy in patients with inflammatory bowel disease" please accept the following comments - In spite of being a good idea to discuss and review biologic therapy in pregnancy, data available still lacking. - Role of Anti TNF in IBD is well established and new trials and recent data usually present, but data related to pregnancy and lactation still not applied on large numbers. - paper is well written - minor spelling and grammatical mistakes. ThankS
