<input type="checkbox"/> Grade E (Poor)		<input type="checkbox"/> Existed	<input type="checkbox"/> Major revision
		<input type="checkbox"/> No records	

### COMMENTS TO AUTHORS

On page 8, (line 11 from the bottom ) some countries names are repeated twice. Also Puerto Rico named in low prevalence and intermediate prevalence of HBV infection. These need to be fixed before it is published.

### COMMENTS TO AUTHORS

1. It is an interesting paper that views of the importance of genomic medicine for the study of HBV infection and its clinical outcomes in Latin America. 2. what is the differences in HBV infection data between Latin America and China? I think it is important question to be answered in this paper.
