**JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS**

ESPS Manuscript NO: 28320 Manuscript Type: Original Article Nonalcoholic fatty liver disease - A multisystem disease? This is a very interesting review on NAFLD. It is too long. I suggest to cut or resume some sections such as those related with CVD and DM. Because a lot of information has been published and at this time it is known. Page 11.
