Non-Native Speakers of English Editing Certificate for “*World Journal of Gastrointestinal Endoscopy*”

I, Prof. Ahmed Tawheed, the corresponding author of the review article “Strategies for Achieving Successful Cannulation in ERCP: A Technical Overview” declare that the authors of the present manuscript are non-native English speakers. However, a colleague whose native language is English has reviewed our manuscript for clarity.

Best Regards,

Ahmed Tawheed

Professor of Endemic Medicine and Hepatology, Faculty of Medicine, Helwan University, Cairo,
Egypt
