Current perspectives on pancreatic serous cystic neoplasms: Diagnosis, management and beyond

Zhang XP *et al.* Pancreatic serous cystic neoplasm

Xiao-Peng Zhang, Zhong-Xun Yu, Yu-Pei Zhao, Meng-Hua Dai

### Abstract

Pancreatic cystic neoplasms have been increasingly recognized recently. Comprising about 16% of all resected pancreatic cystic neoplasms, serous cystic neoplasms are uncommon benign lesions that are usually asymptomatic and found incidentally. Despite overall low risk of malignancy, these pancreatic cysts still generate anxiety, leading to intensive medical investigations with
