**Liver failure associated with benzbromarone: A case report and review of the literature**

Ming-Yuan Zhang, Jun-Qi Niu, Xiao-Yu Wen, Qing-Long Jin

### Abstract

#### **BACKGROUND**

Benzbromarone is a uricosuric agent that reduces proximal tubular reabsorption of uric acid. Because of hepatotoxicity, it has been withdrawn from the market in Europe. Recently, some benefit-risk assessments of benzbromarone suggest that benzbromarone has greater benefits than risks, and the application of
