SPECIFIC COMMENTS TO AUTHORS

Thank you to invite me to review the manuscript entitled "The status and perspective of laparoscopic repeat liver resection.". One author is listed: a well-known Japanese surgeon, specialized in laparoscopic liver resection. This topic highlight is well-written, interesting and precise. I have no concern except the interest that this manuscript may

SPECIFIC COMMENTS TO AUTHORS

This manuscript is overall well written. The topic is of interest for the general readership. I would suggest some minor changes before: - Please check for some typos through the manuscript. For instance: in table 1 is written "posyoperative" that should be "postoperative". - The manuscript is too long and in somehow too ripetitive. - I would

delete the last paragraph of the manuscript, which is just a repetition - More importantly, I would reduce the emphasis about laparoscopic liver resection,. This manuscript is not for a surgical journal. Rather it is for gastroenterologists and liver specialists mainly. To me, it would be better "to stay on data" and limit the personal opinions.
