CERTIFICATE OF
ENGLISH LANGUAGE POLISHING

Date: September 10, 2025

Manuscript Author(s):
Wei-Wei Dong, Tao Liu, Li-Xia He, Wen-Ting He

Manuscript Title:
Targeting pyroptosis in inflammatory bowel disease: A potentially effective therapeutic approach

To Whom It May Concern:

This is to certify that the manuscript referenced above has undergone professional English language editing to improve grammar, clarity, structure, and readability, in line with the standards of international academic journals.

The editing process included, but was not limited to:

- Correcting grammar and punctuation errors
- Enhancing sentence structure and flow
- Standardizing terminology and phrasing
- Fixing spelling and typographical errors
- Ensuring consistency with academic English conventions

Please note that the editing process did not change the original research content or findings. The scientific integrity of the work remains unchanged. The manuscript is now considered ready for submission to relevant academic journals. Details of the editing service provider are confidential, as agreed upon.

Sincerely,

North America Publication Consultation
