

30216-Institutional Review Board Statement

The study was reviewed and approved by Addenbrooke's Hospital Institutional Review Board as part of a service evaluation.

19/11/2014 [https://exchange14.net.addenbrookes.nhs.uk/exchange/tristan.barrett/Inbox/PRN 4058 - Evaluation of Magnetic Resonance Imaging for prostate tum...](https://exchange14.net.addenbrookes.nhs.uk/exchange/tristan.barrett/Inbox/PRN%204058%20-%20Evaluation%20of%20Magnetic%20Resonance%20Imaging%20for%20prostate%20tumours)

Dear all,

Just to let you know your project has been registered with the Safety & Quality Department as a Service Evaluation and is Project Number 4058. **Can I re-iterate that if this comes under the remit of "research" then it has been wrongly registered with our Department and I would expect you to let me know immediately if this is the case. I have attached the leaflet "How to tell the difference between clinical audit, research and service evaluation" for your information.**

We do not pull notes for service evaluations but can provide you with a covering letter to allow you access to the medical records library to either work or to retrieve the notes yourself. If you would like a letter please email back with:

- The names of all the people who need access to Medical Records.
- A tracking code for the area you would like the notes stored.
- An extension number for the area.

Report and presentation templates can be found here - <http://connect/index.cfm?articleid=4323>. You are not obliged to send a copy of your report/presentation once complete, but it would be greatly appreciated.

Please don't hesitate to contact me if you need any assistance.

Best wishes,

Hilary
