### COMMENTS TO AUTHORS

Interesting paper on possible mechanism for lansoprazole associated collagenous colitis. It would be very interesting to evaluate other PPIs, such as omeprazole (a much rarer association with collagenous colitis), as well as with other agents (eg., NSAIDs) to determine if this mechanism is shared with other agents. The investigators might wish to acknowledge the original description of collagenous colitis: Freeman HJ, Weinstein WM, Shnitka TK, Wensel RH, Sartor VE. Watery diarrhea syndrome associated with a lesion of the colonic basement membrane--lamina propria interface. Ann Royal Coll Phys Surg Canada 1976; 9: 45.
