**Treatment of gastrointestinal bleeding in left ventricular assist devices: A comprehensive review**

Vedachalam S *et al.* Treatment of LVAD-related gastrointestinal bleeding

Srikanth Vedachalam, Gokulakrishnan Balasubramanian, Garrie J Haas, Somashekar G Krishna

### Abstract

Left ventricular assist devices (LVAD) are increasingly become common as life prolonging therapy in patients with advanced heart failure. Current devices are now used as definitive treatment in some patients given the improved durability of continuous flow pumps. Unfortunately, continuous flow LVADs are fraught
