Abstract

Methods

Results

Discussion

Conclusions

Various social media platforms have been used by plastic and aesthetic providers to improve visibility, contribute to external marketing efforts, communicate with colleagues, and educate the public. This phenomenon within plastic surgery has been examined with many lenses, including from a business perspective¹ and an ethical perspective.^{2,3} There has even been literature suggesting the creation of academic tracks for promotion and tenure based on social media success.⁴ The individuals who car...

Apr 03, 2018 · The **authors** are to be commended for identifying the top 100 plastic surgery influencers on Twitter, albeit using data for only one month (July 2017). 2 The **authors'** stated purpose in identifying influencers was to better understand those who inform the public about plastic surgery, and they chose to limit their study to Twitter. The authors state that “**Twitter** was the most important platform to identify ...
