SPECIFIC COMMENTS TO AUTHORS
The authors must be appreciated for a very well written articles. However, few corrections are required as described below. 1. Spellings: There multiple instances where both North American and British spellings are used throughout the document. Kindly use one type of spelling throughout the manuscript. 2. Grammar and Punctuation: Needs to be published. 3. Kindly elaborate criteria for palliative care, and also exactly what palliative care was given to the alcohol related liver disease.
