INFORMED CONSENT STATEMENT

Name of Journal: World Journal of Clinical Oncology
Manuscript NO: 64356
Manuscript Type: Retrospective Study

A biomarker study in Peruvian males with breast cancer
Carlos A. Castaneda, Miluska Castillo, Luis A. Bernabe, Joselyn Sanchez, Ebert Torres, Nancy Suarez, Katherine Tello, Hugo Fuentes, Jorge Dunstan, Miguel De-La-Cruz, Jose Manuel Cotrina, Julio Abugatas, Henry Guerra, Henry L. Gomez.

Patients were not required to give informed consent to the study because the analysis used anonymous clinical data that were obtained after each patient agreed to treatment by written consent.

Sincerely,

Carlos A. Castaneda, M.D., MSc.
