

Dear Prof. Hiten RH Patel,

The World Journal of Clinical Oncology (WJCO) invited us to submit a manuscript, Number ID: 05353770. We did not submit our manuscript to language editing services. We ask the World Journal of Clinical Oncology to reconsider this demand as we have previous experience with international publication in respected journals by the scientific community. We would be pleased to know that the World Journal of Clinical Oncology is still interested in our manuscript.

Thank you for your consideration.

Sincerely yours,
Prof. Leandro Martins de Freitas
