SPECIFIC COMMENTS TO AUTHORS

Please obtain ethical approval for case report or written and signed informed consent from patient/ guardians for publishing the case report. Also the universal numbering system identifies teeth with or without "#" (for example 21 or #21). If you choose with ", make sure to add "#" in sentence : "Teeth 11 and 21 responded normally to percussion and palpation with no mobility detected.". Please rewrite "The patient was seen at the month 18 post treatment for evaluation.", it is not clear when was a follow up.
