Golimumab in real-world practice in patients with ulcerative colitis: Twelve-month results

Teich N *et al.* Golimumab in ulcerative colitis

Niels ⁹ Teich, Harald Grümmer, Eric Jörgensen, Thomas Liceni, Frank Holtkamp-Endemann, Tim Fischer, Susanne Hohenberger

Abstract

BACKGROUND

The introduction of biologics has revolutionized the management of the chronic inflammatory bowel disease, ulcerative colitis (UC), with many patients experiencing significant improvements not only in their symptoms but in other outcomes relevant to individuals and society as a whole. In Germany, there are no prospective data > 2
