

Point-by-point responses to reviewers' comment

Sept. 8, 2016

Dear Dr. Ze-Mao Gong,

Please find attached the edited manuscript in Word format (file name: 29207_revised.doc).

Title: Mesenchymal Stromal Cell-based therapy: regulatory and translational aspects in gastroenterology

Authors: Giovanni Dothel, Emanuel Raschi, Roberto Rimondini and Fabrizio De Ponti

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 29207

We have revised the manuscript according to the reviewers' suggestions. A point-by-point outline of responses is provided below.

Reviewer # 02848336.

This is a very well written, comprehensive review paper concerning a problem which is very important and up-to-date. In my opinion the manuscript deserves publication in WJGNET in the present form.

Classification: Grade B (Very good)

Language evaluation: Grade A: priority publishing

Conclusion: Accept

A. We thank the reviewer for these comments.

Reviewer # 02446114.

An excellent review paper for the readers of the journal, *World Journal of Gastroenterology*.

Classification: Grade B (Very good)

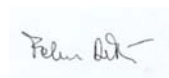

Language evaluation: Grade B: minor language polishing

Conclusion: High priority for publication

A. We appreciate reviewer's comments. References and typesetting were corrected.

Thank you again for considering our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Fabrizio De Ponti, MD, PhD
