

Rafael Moreno Gómez-Toledano, PhD, biostatistician at the University of Alcalá. Assistant Professor of the Department of Anatomy and Embryology, and researcher in charge of the Microscopic Anatomy Laboratory,

CERTIFIES:

The statistical analysis of article entitled: **Improving nursing care protocols for diabetic patients through a systematic review and meta-analysis of recent years**, was developed and verified at our department. I confirm that the statistical methods and techniques applied are very appropriated and performed rigorously.

If you require any further information, please do not hesitate to contact me.

Sincerely,

Rafael Moreno Gómez-Toledano
