Rafael Moreno Gómez-Toledano, PhD, biostatistician of cardiology department, Instituto Ramón y Cajal de Investigación Sanitaria (University Hospital Ramón y Cajal), and Laboratory of Cardiovascular Pathophysiology (University Francisco de Vitoria), and “Margarita Salas” postdoctoral researcher of University of Alcalá,

CERTIFIES:

The statistical analysis of article entitled: New environmental factors related to diabetes risk in humans: systematic review and meta-analysis of emerging bisphenols used in the synthesis of plastics, was developed and verified at our department. I confirm that the statistical methods and techniques applied are very appropriated and performed rigorously.

If you require any further information, please do not hesitate to contact me.

Sincerely,

Rafael Moreno Gómez-Toledano
