

Biostatistics Statement

February 18, 2021

To whom it may concern:

This letter is to confirm that I have reviewed the statistical methods and conclusions for the manuscript entitled:

Factors Predicting Futility of Liver Transplant in Elderly Recipients: A Single-Center Experience

By the corresponding author:

Jamak Modaresi, Cleveland Clinic Foundation, 9500 Euclid Ave, Cleveland OH 44195,
modarej@ccf.org.

In my opinion, the statistical methods used for the data analysis are appropriate.

Sincerely,

Medhat Farwati, MD
