JOURNAL EDITORIAL BOARD COMMENTS TO AUTHORS

Three reviewers have highlighted evaluated this work, two of which have comments. The authors have well addressed two reviewers' comments, and from the activities listed, the revised manuscript seemed reviewed by the Presious reviewers (at least one did it, if I am wright). If it was reviewed by the previous reviewers, it is accepted. Considered that two reviewers of the three have carefully reviewed this work, we can invite these two reviewers to see whether any of them would be willing to prepare an editorial for this work to be published in the same issue.
