

EDITORIAL CERTIFICATE

This document certifies that the manuscript listed below was edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the highly qualified native English-speaking editors at MJEditor (<https://www.mjeditor.com/>).

Manuscript information

ID(code): MJ2025040157805

Title: Human umbilical cord mesenchymal stem cells reduce platelet α -granule release via the AKT/MEK/ERK pathway during acute exposure of rats to high-altitude hypoxia.

Author: Bo Zhang, Bao-Dong Gao, Yuan Su, Wen-Jing Mi, Tong-Xu Zeng, Fei-Fei Ma, Xiao-Qin Ha.

This certificate was issued on Apr. 1, 2025.

Disclaimer: Our service does not involve an authenticity review or ethical review on the data (including images) presented in the manuscript. Neither the research content nor the authors' intentions were altered in any way during the editing process. Documents receiving this certification should be English-ready for publication. The authors have the option to accept or reject our suggestions and changes in the edited document. However, we do not bear responsibility for revisions made to the document after our editing. If the manuscript is suspected of plagiarism, please contact the authors in time.
