Name of Journal: World Journal of Gastroenterology

ESPS Manuscript NO: 21087

Manuscript Type: **Review**

**Effect of rifaximin on microbiota composition in advanced liver disease and its complications**

Francesca Romana Ponziani, Viviana Gerardi, Silvia Pecere, Francesca D'Aversa, Loris Lopetuso, Maria Assunta Zocco, Maurizio Pompili, Antonio Gasbarrini

#### **Abstract**

Liver cirrhosis is a paradigm of intestinal dysbiosis. The qualitative and quantitative derangement of intestinal microbial community reported in cirrhotic patients seems to be strictly associated with the impairment of liver function. A kind of out microbial
